Principal's Message

"Education is not preparation for life; education is life itself" by John Dewey

As rightly said by John Dewey Education is not merely the acquisition of knowledge, but the formation of character, values, and a vision for life. Guided by our motto *"Learn to Lead"*, St. Francis De Sales School, @Sateek strives to nurture young minds who are not only academically competent but also morally responsible and socially committed with discipline and values who grows into responsible and compassionate individuals.

We believe that every child is unique and gifted with immense potential. Our mission is to help each student discover those talents through quality education, moral guidance, and opportunities for holistic development. Along with academic excellence, we emphasize integrity, respect, hard work, and service to society.

The success of any educational institution depends on the strong partnership between students, teachers, parents, and the wider community. Together, we can create an atmosphere where learning becomes joyful, creativity is encouraged, and every student is motivated to reach higher goals.

I encourage **SFS** students to dream big, work hard, and remain committed to their values. To the parents and well-wishers, I express my sincere gratitude for your trust and cooperation. Let us continue to work together in shaping a brighter future for our young generation.

May St. Francis De Sales School continue to grow as a place of learning, inspiration, and excellence.

With best wishes

Rev. Fr. Romilson Marak

Principal

St. Francis De Sales School, Sateek
